 - a. Class of '57 project status
 - i. Plaques will be installed on the front of the benches. Flywheel hoping to deliver this week.
 - ii. There was a discussion of an event to acknowledge the support from the Class of '57 and other groups in the community that have contributed to the improvements to the park. We concluded that the most appropriate time for said event is next spring when the park comes back in bloom. This delay is mostly due to the delay in the delivery of benches.
 - b. Meadow mowing
 - i. Need to mow after Oct 15 for the benefit of the wildflowers.
 - c. Sign update
 - i. The Friends of the Winooski River has created a sign about the ecological value of the park. This committee is ready to sign off on the latest draft of the sign. The draft then needs to go to the town manager for final approval.
